

TEKKALI KASI NAGA VENKATA AJAY KUMAR

Anakapalle, Andhra Pradesh · +91-9059173871 · tkasiajay@gmail.com · LinkedIn · Portfolio

Summary

Results-driven Associate Software Engineer with hands-on experience in full-stack development using Core Java, React.js, Python, and SQL. Proven ability to write clean, maintainable code across backend and frontend applications, integrate REST APIs, and work collaboratively in Agile teams. National Hackathon Winner (1st of 120 teams). Eager to contribute to enterprise-grade product development and grow within a fast-paced, AI-powered engineering environment.

Professional Experience

Java Developer Intern

TechDenali

Feb 2026 – Apr 2026

- Wrote clean, maintainable backend code using Core Java OOP principles in an Agile environment, contributing to on-time feature delivery across multiple sprint milestones.
- Participated in code reviews and Daily Stand-ups with senior engineers, accelerating defect resolution and improving overall code quality across the codebase.
- Built and deployed scalable backend modules with optimized data structures, strengthening application performance and long-term maintainability.

Web Developer Intern

InternPe

May 2024 – Jun 2024

- Developed responsive frontend interfaces with React.js and integrated REST APIs, collaborating with Product, QA, and UX teams from requirements through to deployment.
- Bridged frontend components with backend systems, reducing integration issues and ensuring smooth, tested end-to-end product delivery.
- Contributed to debugging, testing, and technical requirement definitions, improving team alignment and reducing rework in the development lifecycle.

UI/UX Designer Intern

CodeSoft

Feb 2024 – Mar 2024

- Translated client requirements and user research into structured Figma prototypes, improving design workflow efficiency by **25%** and accelerating developer handoff.
- Collaborated with cross-functional teams to iterate on designs, ensuring UX consistency and aligning product features with end-user needs.
- Communicated design decisions clearly to stakeholders, enabling faster sign-off and on-schedule feature delivery.

Projects

CLEARX – E-Commerce Platform

Core Java, React.js, REST APIs, HTML5, CSS3, JavaScript

- Designed and built a full-stack platform addressing **\$18B+ retail food waste**, implementing REST API-driven workflows connecting retailers, customers, and delivery agents.
- Developed a responsive React.js frontend and structured scalable backend logic in Core Java; performed end-to-end testing to ensure reliability before deployment.

Student Management System

Core Java, MySQL, JDBC

- Built a standalone application with full CRUD operations via MySQL/JDBC, automating student registration, grade tracking, and record management with clean OOP architecture.

Real-Time Face Recognition System

Python, OpenCV

- Developed a real-time face recognition pipeline in Python/OpenCV; validated identification accuracy through structured data output testing and product-market research.

Education

Vignan's Institute of Information Technology

Bachelor of Engineering, Computer Engineering

Aug 2023 – Apr 2026

Technical Skills

Languages: Core Java, JavaScript, Python, C++

Frameworks & Web: Spring Boot, React.js, REST APIs, Microservices, JDBC, HTML5, CSS3

Databases & Tools: MySQL, SQL, Git, GitHub, ServiceNow, IntelliJ IDEA, VS Code, Figma

Core Concepts: OOP, Data Structures & Algorithms, Collections Framework, Multithreading, Exception Handling, Agile/Scrum

Achievements & Leadership

- Hackathon Winner – SUSHACKS:** Secured **1st place** out of 120 teams and 480+ participants by designing and delivering an innovative full-stack software solution under pressure.
- CodeChef 3-Star:** Demonstrated strong problem-solving and algorithmic thinking through consistent competitive programming performance.
- Certifications:** ServiceNow CSA · Cisco Python Essentials 1 & 2 · EDX Relational DB Basics · Infosys Front-End Web Developer
- Student Activity Counsellor (SAC), VIIT:** Led coordination of cultural and technical events, demonstrating strong communication, ownership, and team collaboration skills.
